

## **Acknowledgements**

In 2024, the ILA Executive Board convened a committee of library professionals to completely revise the *Standards for Illinois Public Libraries*, updating them to incorporate new trends in library practice and converting them into an online format. Months of committee work, input from public hearings and library community feedback resulted in this new edition of the standards: *Serving Our Public 5.0*.

To complete this revision, committee members reached out to library professionals and subject matter experts to review specific sections.

Thank you to all who worked with the committee to make the 5.0 edition possible.
